CIRCULAR, No. 217. (LIBRARIES.)

General No.

50

*War Office, 22nd February, 1858.*

THE Secretary of State for War, with the concurrence of H. R. H. the General Commanding in Chief, having approved of the following general Regulations for Military Reading Rooms and Libraries, the same are promulgated for the information and guidance of all concerned.

B. HAWES.

### GENERAL REGULATIONS.

1. **MILITARY LIBRARIES** are established in Garrisons and Quarters for the purpose of placing a limited supply of standard works of instruction and entertainment within reach of the troops. New works are supplied from time to time by order of the Secretary of State for War.

2. The subscription for all officers is one day's pay per annum ; which having been paid at any one Station, entitles the subscriber to the use of the library at any other Station to which he may go in the twelve months.

3. The subscription for non-commissioned officers and men is one penny per month, to be collected by the Librarian, and handed over to the Barrack Master, by whom it will be carried to the public credit.

4. Twenty shillings per annum are allowed under War Office Regulation, § 30, p. 19, for the purchase of stationery and paper for covering the books, and other petty expenses in keeping them in repair, exclusive of binding. This sum is provided and paid by the Barrack Master.

5. The following extract from the Queen's Regulations and Orders for the Army, p. 245, fully describes the purposes for which Military Libraries are maintained :—

“ § 80. Barrack Libraries and Reading Rooms, open to the troops on payment of a very small subscription, have been established at the principal barracks throughout the United Kingdom and the Colonies. The object of which is to encourage the soldiers to employ their leisure hours in a manner that shall combine amusement with the attainment of useful knowledge, and teach them the value of sober, regular and moral habits.

“ 81. No donation of books for Barrack Libraries is to be accepted until the list of them has been approved by the Commander in Chief and the Secretary of State for War.

“ 82. Suitable apartments are appropriated, fitted up with shelves, closed book-cases, tables, chairs and forms, for a library and reading room, at the stations where Libraries are established, and are to be supplied with fuel and light.

“ 83. The Library and its contents are under the more immediate supervision of the Barrack Master, who, assisted by an officer of the troops, not under the rank of Captain, and accompanied by the Quartermasters of the different corps in garrison, is to make a minute monthly inspection of the books, for the purpose of ascertaining the losses sustained, and damage done, either designedly or through neglect, during the month immediately preceding, and of assessing the charges for the same ; and a similar inspection is to take place at every movement or interchange of troops. It will be competent, however, to the commanding officer at every station to name also a committee of officers, of whom the Barrack Master shall be one, to consider, from time to time, the general

state of the Library and Reading Room, the books most read, the books most required, and to add to the monthly report such recommendations for the consideration of the Secretary of State for War as they may agree to, and the Commanding Officer may approve.\*

"84. Should the Barrack Master and the officer appointed to assist him at the inspection disagree as to the amount to be charged to the troops, the question is to be referred to the Officer commanding on the spot, whose decision is to be considered final.

"85. Statements of the charges assessed against the officers, non-commissioned officers and men are to be attested by the Barrack Master and the officer who has assisted him at the inspection; and these statements are to be transmitted to the Paymasters of the regiments and dépôts, with a view to the amount being recovered from the non-commissioned officers and men at their next settlement, and carried to the credit of the public in such manner as may be directed by the Secretary of State for War.

"86. No charges are to be made for damage arising from fair wear and tear, and the inspecting officers above referred to may exercise their discretion in awarding the charge to be made against a soldier for the loss of, or damage done to a book, whenever it shall be satisfactorily shown that it has been the result of accident and not of design; but in the latter case the full amount of damage should be recovered from the soldier committing it.

"87. All repairs required to the books are to be reported by the Commanding Officer quarterly to the Secretary of State for War, distinguishing those which may have become necessary in consequence of fair use, and those for which charges shall have been made against the soldier.

"88. The general supervision of Military Libraries is one of the duties of the Inspector General of Army Schools. A Librarian will be appointed by the Secretary of State for War for each of the Libraries, who, under the Commanding Officer, assisted by the Barrack Master, or the committee above referred to, is to be held responsible for the books, and who is to be assisted by a non-commissioned officer from each of the corps in garrison, until he shall have become well acquainted with the persons and character of all the subscribers. All applications, therefore, relative to the appointment of or allowance to Librarians should be addressed to the Secretary of State for War.

"89. With proper care and attention on the part of the Librarian and his assistants, it is considered that a general charge against the subscribers, or against those of any particular corps, ought rarely to be necessary, and that these functionaries will be prepared to point out the individual who may have committed any specific damage, or have been the cause of any particular loss.

"90. General officers, at their periodical inspections of the troops, are to report upon the state of the different Libraries within their commands, as well as to the degree of attention paid to them by the Librarians, submitting such suggestions as they may deem necessary for their improvement, and stating the number of subscribers in each of the corps under their command.†

"91. The officers of the army are allowed to participate in the advantages afforded to the troops by the establishment of Barrack Libraries; they must, however, bear in mind that these Libraries have been formed at the public expense for the express benefit of the soldiers; and in extending this benefit to the officers, it must be clearly understood that in no case is this privilege to interfere with the free use of the books by the soldiers. Officers having once paid their yearly subscription to a Library, are free of any Library at the stations to which they may be removed during the year."

6. Where the construction of the Barracks admit of it, two rooms are set apart, one as a Library, the other as a Reading Room; where only one room can be spared for these purposes it will be considered as a Reading Room, and subject to the orders applying to Reading Rooms, the books of the Library being kept in it for convenience.

7. Books found by the Boards of Inspection to require re-binding will be sent to Her Majesty's Stationery Office, Westminster, when this is practicable without much

\* In every case in which a single volume is lost or injured, unless the work be one of which the volumes are procurable separately, the whole set must be charged for, and the other volumes will become the property of the soldier. This applies to almost all works except serials.

† Library.—State the number of subscribers to the Garrison or Barrack Library.

Whether the Library is properly conducted, and whether the Librarian has been attentive and accommodating in the performance of his duty.

expense. Where it cannot be done they may be rebound at the station, authority being previously obtained at all home stations from the Secretary of State. It has been ascertained that the following are reasonable and proper rates to allow private tradesmen:—

	s.	d.		s.	d.
\$2mo or 24mo .....	0	10	Royal 8vo .....	2	0
18mo or Royal 24mo .....	1	0	Super Royal 8vo .....	2	6
Foolscap 8vo. or Royal 18mo. ....	1	1	Imperial 8vo .....	3	0
Demy 12mo. ....	1	2	Crown 4to .....	3	4
Medium 12mo. ....	1	3	Demy 4to .....	3	6
Crown 8vo. ....	1	3	Medium 4to .....	4	3
Demy 8vo. ....	1	6	Royal 4to .....	5	0
Medium 8vo. ....	1	8	Crown folio .....	6	0

In making applications for books to be replaced, Librarians must be very particular in quoting the full title, and, if possible, the publisher's name; in the case of serials, the volume must be named. Books condemned as unserviceable are likewise to be returned to the Stationery Office; they may be sent direct from stations in Great Britain. At all other stations they are to be made up into convenient parcels, and sent to the principal Military Storekeeper, by whom they will be forwarded to Woolwich by Government Freight Ships as opportunities offer.

8. Librarians are required to attend at the Library at such hours as the Commanding Officer may direct to receive and exchange books, and to see that the books of reference, games, furniture and other public property in their charge are not misused. It will be the duty of the Librarian to call the attention of the Commanding Officer to any unusual detention of a book by a subscriber after he has been requested to return it, and to take his instructions as to the time to be allowed for the perusal of a volume, when its demand renders it necessary to limit such time.

9. Where the construction of the Barrack admits of it, a room (adjacent to the Library, if practicable) will be appropriated permanently as a Librarian's quarter, and the allowances of a Staff Non-commissioned Officer of the second class may be issued for the same. Where no room can be provided, the commuted allowances for lodging, fuel and light for the same class may be issued in lieu thereof. The Librarian is not under any circumstances to make use of the Library as a private quarter, and his own quarter must be given up when urgently required for the troops.

10. All gambling is strictly prohibited. The Secretary of State for War having approved of a set of games being supplied to a proportion of the Reading Rooms as an additional inducement to Non-commissioned Officers and men to frequent them, these articles will be considered to be in the Librarian's charge, who will see that they are put away carefully every evening, and will report to the Barrack Master any loss or injury that may occur.

11. The following prices will be charged as Barrack damages for wilful loss or injury:—

	s.	d.

Pieces that are lost may be charged singly, and will be replaced on application.

It is hoped, however, that Non-commissioned Officers and men will show that they appreciate an arrangement made solely for their amusement by taking care of these objects, and of any maps, charts or diagrams that may be from time to time supplied for their information.

12. Smoking is sanctioned in Reading Rooms, subject to the permission of the Commanding Officer, and there will be no objection to arrangements under his authority for the supply of tea or coffee; but the introduction of wine, beer or spirits, under any pretence, is strictly prohibited.

13. No newspapers, periodicals or books, except those furnished by the Secretary of State, are to be admitted into any Reading Room without the express sanction of the Commanding Officer, who is required to state in the Quarterly Report what newspapers, periodicals or books have been so admitted.

14. The Secretary of State for War, having approved of the issue of one suit of uniform per annum to each Librarian of the pattern issued to enrolled Pensioners, the Librarian is expected to appear in the same when on duty, and is required at all times to present a clean and respectable appearance, as well as to have the Library and Reading Room, and his own quarters, in perfect order.

HOME STATIONS.

War Office, 23rd February, 1858.

AN instance having recently occurred in which a number of Rugs, allowed by Article 23 of the Barrack Regulations for Soldiers, proceeding to and from ports in Great Britain, Ireland and the Channel Islands, were left in the steam vessel by Troops on disembarkation, instead of their being delivered to the Barrack Master of the station, as required by Regulations, the Secretary of State for War desires, in order to protect the public property from loss, that the following directions may be observed.

Barrack Masters will, on issuing Rugs for this service, prepare returns in triplicate of their number, state and condition, to be signed by the Barrack Master and the Officer or Non-commissioned Officer in command of the Regiment or Detachment receiving them.

One return is to be retained by the Barrack Master, the second to be given to the Officer or Non-commissioned Officer in charge of the Troops, and the third is to be forwarded to the Barrack Master at the station to which the Troops are proceeding; but if on the disembarkation of a Regiment or Detachment it should be found inconvenient for the Troops to convey the Rugs to the place of destination, the Commanding Officer may deliver them to the Barrack Master of the port, *obtaining his receipt*, and the said Barrack Master will immediately inform the Barrack Master who made the issue.

The Officer or Non-commissioned Officer in charge will be held responsible for the delivery of the Rugs, and should there be any deficiency or wanton damage of the articles, the amount is to be charged against the Troops; if this, however, should have arisen from unavoidable accident the Commanding Officer may apply (through the Quartermaster General) for remission, transmitting the necessary certificates for the decision of the Secretary of State for War.

The Barrack Master receiving the Rugs will transmit a receipt voucher to the Barrack Master who made the issue, who will render it with his store return as a voucher for the due return into store of the Rugs.

The Barrack Master.

This Form will have to be filled up by the Paymaster, and signed by him and by the Officer or Soldier making the remittance; the Form will then be given to the remitter, who will transmit it to the party at home to whom he intends to make the remittance, the Paymaster taking care to enter on the fly-leaf such particulars as will enable him to furnish the required details in the "Quarterly Remittance Return" and "Quarterly Rolls," as prescribed by Articles 234 and 235 of the Explanatory Directions.

SIR,

War Office, 25th February, 1858.

THE Secretary of State for War having had under consideration the disadvantages to which the Non-commissioned Officers and men and children of the Staff of Disembodied Regiments of Militia are sometimes subjected by reason of their being located where no local means exist of obtaining School instruction, I am directed by Lord Panmure to inform you, that when the Disembodied Staff of Militia Regiments may be quartered in situations where there is no Children's School conveniently accessible, his Lordship is pleased to direct that, on receipt of an application certified by the Colonel or Commanding Officer of the Regiments, and recommended by the Inspector of the Militia, a room in County Store Barracks may be appropriated as a Schoolroom for the Disembodied Staff, and the commuted allowances of fuel and light for one room at 2s. 6d. per week during the winter months may be drawn for the same, whenever it can be shown to the satisfaction of his Lordship that the numbers likely to avail themselves of this indulgence are sufficient to warrant it. This allowance will be chargeable on the form in which the commuted fuel and light allowances for other services within the County Stores are preferred.

In cases where, for want of such County Barrack accommodation, a room has been engaged for this purpose by the Staff at its own expense, the said commuted allowances may be similarly drawn, showing on the claim that the School was held in a hired room.

School materials will also be furnished on the usual Form of Requisition No. 372, signed by the Adjutant; but no payment will be made to the Schoolmaster, who must be remunerated by the School Fees, to be paid at such rates as the Commanding Officer may approve.

The Officer commanding.

War Office, 9th March, 1858.

THE Cash transactions connected with the Royal Artillery and Royal Engineers at Foreign Stations having been transferred to the Commissariat, the muster of those Corps *abroad* will in future be taken by the Officer of that Department who acts as Cash Accountant to the War Office, or by an Officer under his orders. At stations where there is no Commissariat Officer, the duty will continue to be performed as at present by the Military Storekeeper or Barrack Master.

On Home Service (Woolwich and Chatham excepted) this duty will be performed by a Commissariat Officer, if there be one at the Station; if not, it will devolve on the Military Storekeeper, or, in the absence of such an Officer, on the Barrack Master.

*At Woolwich*, the muster will be taken by Military Store Officers, and for the present by those transferred from the Field Train Department.

*At Chatham*, the duty will continue to be performed by a Military Store Officer.

The muster will be taken, in the presence of the Commanding Officer, on the last day of every month, unless that day shall fall on a Sunday, when it shall be taken on the following day.

On the correctness of the Muster Roll depends the accuracy of every item of pay, beer-money, &c. chargeable to the public; it is therefore most essential that the Mustering Officer, who is necessarily held responsible on this head, should see every Officer, man and horse stated in the Roll, or require their absence to be distinctly accounted for: and it must be understood that every individual is to attend the muster so far as practicable and consistent with the good of the Service, for which the Officer signing the Roll will be held accountable, and he is to take care that the remarks and explanations for elucidating the respective charges in the Pay Lists are distinctly made in black ink by the Captain or Officer commanding the Company or Detachment.

The Mustering Officer's special attention is called to the following points, which are to be carefully noted:—

1. The absence of any Officer without leave in the course of the month.
2. The precise dates of enlistment of Recruits, or of the transfer of men from other Regiments, Battalions, Corps, Troops or Companies.
3. The reasons and duration of absence, and causes of broken periods.
4. The date on which any man ceased to belong to the Troop, Company or Detachment, and the cause thereof, whether by discharge, desertion, transfer, death, &c.
5. The situations held by Soldiers other than those in which they are mustered.

The Officer taking the muster will transmit the Rolls monthly to the Accountant-General,—

From Detached Stations, Great Britain and Ireland, on or before the 3rd day of the following month.

From Woolwich, on or before the 6th day of the following month.

From Foreign Stations, by the first mail or proper opportunity after each muster.

And in every instance the precise date when each Roll is sent away from the Station is to be noted thereon.

Pensioners,

**CIRCULAR, No. 228.**

*For the Information of Staff Officers of Pensioners and District Paymasters.*

*War Office, 10th March, 1858.*

Doubts having arisen whether the allowance of 2s. 6d. may be issued to Pensioners for conducting each Recruit to the Head Quarters of the Inspecting Field Officer for approval, in addition to the daily pay and marching money granted by the Circular of the 5th February last, it is to be clearly understood that the 2s. 6d. is only admissible if the latter rates are not charged, and when therefore the Pensioner would otherwise lose the time occupied in bringing in a Recruit and getting him passed. It is further to be understood that it is only given for such Recruits as are approved by the Inspecting Field Officer.

This allowance, as well as the others established by the Circular of 8th February, No. 207, may be considered as taking effect from the date when the recruiting by Pensioners commenced. Where allowances have been issued by mistake, no refund will now be required.

The same allowances may be paid to any Pensioner who conducts the Recruits as if he were the actual enlisters.

SIR,

War Office, 10th March, 1858.

As a diversity of practice appears to exist in the Commissariat Offices abroad in regard to the hours of attendance, I am directed to acquaint you that Secretary Major General Peel considers that, under ordinary circumstances, the Office should be open for the transaction of public business for at least six hours a day (and longer when necessary), during which period those Officers, Clerks and Subordinates who are not engaged in the more active duties of the Department should be in attendance, and I am accordingly to desire that you will take the necessary steps for giving effect to this arrangement.

War Office, 11th March, 1858.

THE Secretary of State for War having decided that the arrangements for lighting lamps at Barracks, Military Store and other public premises properly lighted at the expense of the War Department shall in future be conducted by Barrack Masters, and that the cost of lighting all the lamps at each Station shall be included in one agreement, when practicable, at a definite rate per 1,000 cubic feet of gas consumed, and at a fixed sum per lamp per night for oil;

The same is hereby notified for the information and guidance of the Military Storekeepers and Barrack Masters concerned.

Storekeepers and other Officers will afford every information to the Barrack Masters on the subject, and the former will consider whether the same rules as to hours cannot be observed for lighting the Store lamps as the Barrack lamps, as shown in the enclosed Form of Tender.

This arrangement will, however, only commence when new contracts are entered into.

On the expiration, therefore, of existing contracts, Storekeepers and Barrack Masters are enjoined to take care that the new contracts are made in conformity with this order, which extends to the lighting of interior lamps, when possible, as well as of exterior lamps.

HOME STATIONS.

War Office, 13th March, 1858.

THE Secretary of State for War having had under his consideration the various regulations by which the War Department property at Home Stations was classed under the Heads of Ordnance and Barrack Property, and by which the payment of rents, taxes and other charges have been separated under those heads, now considers it desirable that the said distinctions should cease, and that the whole property, whether in lands or buildings, should come under one uniform management.

1. The Commanding Engineer is the local custodian of the rights and property of the whole Department.

2. The Barrack Master is the local accountant and collector of rents.

3. The Military Storekeeper will be only concerned in the question of lands and buildings when he is also Acting Barrack Master, or when there is no Barrack Master at the station.

4. The Commanding Royal Engineer will, with the estimates for works and buildings, submit an estimate of the payments to which the Department is liable for leasehold property, also for tithe, rent-charges, fee-farm and quit rents, or any other charges which may have to be met during the ensuing financial year, on account of the property within his district.

5. The same estimate will include the rent, taxes, &c. of all hired buildings, whether for the accommodation of Troops or Stores, and of all land hired for exercising Troops, practice ranges or other purposes.

6. The estimate will be prepared in the first instance by the Barrack Master, and countersigned by the Commanding Royal Engineer, who will transmit it to the Inspector General of Fortifications, retaining a copy for his own information.

7. The claims for rent, taxes, &c. will, as they become due, be prepared by the Barrack Master, approved and countersigned by the Commanding Royal Engineer, and forwarded by the former to the Accountant-General on the annexed Barrack Forms, Nos. 19 and 20, now in use.

8. The Commanding Royal Engineer will only countersign the claims, so far as they agree with the approved estimate for lands and buildings, or with any special authority subsequent to the preparation of the estimate.

9. In forwarding the estimate he will state whether there be any reason for discontinuing or reducing any of the payments made, or whether any of the hired lands or premises may be abandoned without injury to the public service.

10. Military Storekeepers are directed to furnish the Barrack Masters in their respective districts with a list and the particulars of all property on account of which they have hitherto preferred claims or received rents; and the Storekeepers will discontinue acting as the Accountants from the date on which the Barrack Masters commence that duty. They will also apprise the several parties who pay and receive rents, taxes and rates of this alteration.

11. The arrangements respecting the transfer of the duties of Accountant to the respective Barrack Masters are to take effect on the 1st of April next.

12. During the first year, therefore, no reference can be made to the approved estimates, and the Commanding Royal Engineer must sign the claims upon the original authority for the payment, which must in every case, both in the next and succeeding years, be quoted on the claims as heretofore.

THE Lords Commissioners of the Treasury having, by an order dated November, 1852, required all Government Offices in the Metropolis to preserve and deliver up to the Stationery Office for sale all useless books, old paper and other worn out articles of stationery, Secretary Major General Peel has accordingly decided that this arrangement shall be extended to all Out-Stations of the War Department at home and abroad.

In future, therefore, all articles of the above description (excepting old bottles, pens, &c.), whether belonging to Regimental or other Military Offices, or to the Civil Branches of the War Department, are from time to time to be delivered over to the charge of the Military Storekeeper or Barrack Master on the spot, for the purpose of being forwarded to the Tower, as opportunities may occur.

This arrangement should be carried out with as little expense as possible to the public, and all articles, therefore, from Stations abroad should be sent home in Her Majesty's ships, or in any other way by which the cost of freight may not be incurred.

At Home Stations the refuse stationery should be kept in store until the accumulation amounts to *one cwt.*, when it should be forwarded by the cheapest possible conveyance.

## GENERAL ORDER, No. 700.

*Horse Guards, S.W., 27th February, 1858.*

HIS Royal Highness the General Commanding in Chief has great gratification in making known to the Army the substance of a report received from Major General Breton, commanding the Troops at the Mauritius, recording the remarkable gallantry and resolution displayed by the Officers and Soldiers of the 54th Regiment on board the ship "Sarah Sands," on the 11th November, 1857, under circumstances of a most trying nature, namely, when that vessel took fire at sea, having at the time a large quantity of ammunition on board.

It is under such emergency that presence of mind, high courage and coolness,—qualities which are the attributes of British Soldiers,—are conspicuous, and are rendered particularly so when attended by the maintenance of that discipline which was evidently observed on the occasion.

Major General Breton states in his report, that the first consideration acted upon was to throw the powder overboard, a most hazardous and dangerous duty, which was effected (with the exception of a very trifling portion of it) by volunteers, at the risk of their being suffocated by the smoke below.

The boats were got ready,—the women and children placed in them,—and the greatest degree of emulation evinced by the Officers and Men in the performance of all that could be required of them.

For the lengthened period of sixteen or eighteen hours the ship was in extreme peril, until the fire was subdued, and the hold cleared of water, which was thrown in for the purpose of extinguishing it, or which had rushed in through the opening in the stern, caused by the explosion of the last of the powder.

The following Non-commissioned Officers and Privates are specially named by Major Brett (upon whom the command devolved) as having particularly distinguished themselves on the occasion:—

Serjeant Henry Robinson.

" Thomas Page.

" James Doyle.

" James Houston (Instructor of Musketry).

Private William Warren.

" John Doyle.

" James Hopkins.

" James Fitzpatrick.

" George Dodd.

" James Gallagher.

" William Wiles.

" Andrew Walsh.

Private Thomas Holland.

" Francis Glennly.

" George Lamb.

" James Carmichael.

Lance Corporal John Westby.

Private Philip Folland.

" James Buckingham.

" Robert Denton.

" Bartholomew Canavan.

Lance Corporal John Stevenson.

Private Michael Byrnes.

Lance Corporal John M'Cullum.

Private Stewart Hall.

The Colours of the Regiment appear to have been saved by Private William Wiles, 54th Regiment, and Richard Richmond, one of the Quarter Masters of the ship, at the hazard of their lives.

Major Brett exerted himself to the utmost, and is entitled to high praise for his conduct throughout. He reports of the Officers generally, that their conduct was admirable, and gives great credit to Captain Gillum, Lieutenant and Adjutant Houston, and Lieutenant Hughes.

By extraordinary exertions the ship was saved from destruction, and enabled to reach Port Louis.

HIS Royal Highness is pleased to observe, that the behaviour of the 54th Regiment during the course of this distressing occurrence was most praiseworthy, and, by its result, must render manifest to all the advantages of subordination and strict obedience to orders under the most alarming and dangerous circumstances in which Soldiers can be placed.

By Order of HIS ROYAL HIGHNESS

THE GENERAL COMMANDING IN CHIEF.

*To be addressed to General Officers,—Officers commanding Royal Artillery, Regiments and Depôts of Cavalry, and Battalions of the Military Train.*

*Horse Guards, S.W., 25th November, 1857.*

THE Secretary of State for War having represented to the General Commanding in Chief that, in some instances, horses affected with glanders or farcy have been included in those sold by public auction under authority from the War Office, thereby causing complaints from the purchasers who are ignorant of the existence of such disease, Officers commanding Artillery, Regiments of Cavalry and Battalions of the Military Train are enjoined, in offering cast horses for sale, to exercise the strictest caution in excluding all such as may appear to be doubtful cases.

Although the animals in question may have been authorized to be sold, they are, should there be any suspicion of glanders, to be retained pending a reference which is to be at once made to the Adjutant General for the information and decision of His Royal Highness, or, in cases where the disease may have been satisfactorily proved, they are to be *immediately* destroyed, and a report on the subject transmitted to Head Quarters.

GENERAL ORDER, No. 701.

*Horse Guards, S.W., 10th March, 1858.*

THE General Commanding in Chief, with a view to stimulate individual exertion, and to reward the proficiency of Soldiers in the use and management of the Rifle Musket, has been pleased to institute a system of "Prizes for Good Shooting;" and the accompanying Regulations for the award of the same having received the concurrence of the Secretary of State for War, his Royal Highness desires that they be strictly observed throughout the Infantry and embodied Militia.

By Command of HIS ROYAL HIGHNESS

THE DUKE OF CAMBRIDGE, Commanding in Chief.

G. A. WETHERALL,

*Adjutant General.*

**REGULATIONS to govern the Issue of Prizes for Good Shooting in the several Battalions of Infantry.**

(Agreeably to Paragraph 141 of the Instruction of Musketry.)

*Horse Guards, S.W., February, 1858.*

1. The Regimental Prizes for good shooting will be three; viz.—

1st Prize.—To the best shot of the Battalion, a Badge of *Cross Muskets and Crown* worked in gold, and entitling the wearer to extra Pay at the rate of 2d. per day.

2nd Prize.—To the best shot of each Company, a Badge of *Cross Muskets* worked in gold, and carrying with it extra Pay, at the rate of 1d. per day.

3rd Prize.—To certain of the first class shots, to be styled "*Marksmen*," and not to exceed 100 per Battalion, a Badge of *Cross Muskets* worked in worsted, with 1d. per day Additional Pay to each wearer.

2. The Badges are to be worked on cloth the colour of the facings of the Regiment, and to be worn on the left arm, immediately above the slashed flap of the sleeve.

3. In order to insure, on the one hand, a high standard of efficiency, and on the other to guard against the Public being called upon to pay for a lower standard of

merit than is necessary, as well as to secure the utmost impartiality in the distribution of the Rewards, it is intended that the Registers and Annual Practice Returns shall be the data upon which the proficiency of the men shall be estimated.

4. Accordingly, the best shot of the Battalion will be that Soldier who, in the practice of the 1st class, firing between 600 and 900 yards, obtains the greatest number of points over seven.

5. The best shot of the Company will be he who, in the practice of the 1st class of his Company, firing between 600 and 900 yards, obtains the greatest number of points over seven.

6. To qualify a Soldier for the position of a *marksman*, and the Rewards attaching thereto, he must, in the yearly course of practice, have obtained at least seven points in the first class, firing between 600 and 900 yards, and possess competent knowledge of the laws affecting the flight of the bullet, and the rules to be attended to in maintaining the efficiency of the rifle under all circumstances and conditions, and display the requisite skill in judging distances, being at least in the first class at the final classification of the Judging Distance Practice.

7. Should it happen that more than 100 men in the Battalion (including the best Battalion shot and the best shot of each Company) come under the condition specified in the foregoing paragraph, then those men who have obtained the greatest number of points are to be first selected for the Reward and Distinction. Should two or more men have obtained the same number of points (not less than 7) in the 1st class, and be otherwise eligible for the Reward, reference is to be made to their respective performances in the 1st and 2nd periods of individual shooting, and those are to be selected who have obtained the greatest number of points therein. Should there still be a tie, reference is then to be made to their performances in the Judging Distance Practice, and the preference given to those who are the best judges of distance.

8. Should the number of paid Marksmen in a Battalion be reduced by casualties during the year, the number may be completed from those men eligible for the Reward (if there are any), under the conditions prescribed in paragraph 6.

9. As a further inducement to all ranks to vie with each other in this essential part of the Soldier's instruction, and in order that every man may feel that though he may not himself succeed in obtaining a Prize, he can assist in obtaining one for his Company, His Royal Highness the General Commanding-in-Chief has further approved of a *supplementary Prize of Cross Muskets and Crown* worked in gold, but unaccompanied by any pecuniary allowance, being worn, on the *right* arm, by the *Serjeants of the best shooting Company* of every Battalion.

10. Should a Serjeant of the best shooting Company be either the best shot of the Battalion, the best shot of his Company, or a Marksman, he will wear the distinguishing Badge of that position in addition to the Badge sanctioned in the foregoing paragraph.

11. With a view to ensure a strict impartiality, it is essential that the several Companies of a Battalion should be kept as much intact as possible; they should, therefore, be equalized before the annual course of drill and practice commences, and no transfers be made, except such as are indispensable, until the period for commencing the practice in the following year.

12. Although the *best shooting Company* can be established wherever a range of 300 yards can be obtained, and the *Company badge* may be issued accordingly, it is to be clearly understood that no rewards will be granted to *Battalions* unless they have been practised in the three periods of individual firing, as detailed in paragraphs 70, 77 and 85 of the Book of Instruction,—that under no circumstances will the limit of one best shot per Battalion, one for each Company, and 100 Marksmen, including the two former, ever be allowed to be exceeded;—that, as an invariable rule, both the Badge and its attendant Allowance will have to be surrendered by all who cease, in the next annual course, to fulfil the conditions and maintain the superiority by which these rewards were earned;—and that, should the shooting of any Battalion fall below the average, the Prizes will be wholly withdrawn, and the issue of the Additional Pay suspended.

13. Should it be ascertained, either through the reports received from the District Inspector of Musketry, or through any other source, that any undue advantage has been taken by a Battalion in the execution of the several exercises in target and judging distance practices—such, for instance, as counting ricochets; placing marks

to aim at, to denote the allowance to be made for wind, &c., whereby the *practical* skill of the Soldier in the use of his rifle would be defeated; firing at distances shorter than those enjoined by the Regulations, and at a greater number of targets than are prescribed for the several distances; departing in any way from the rules clearly defined for conducting the Platoon and Skirmishing Practices, or otherwise deviating from the spirit of the Musketry Regulations, published to ensure a uniformity of procedure in this particular throughout the army,—by which alone a fair comparative merit can be arrived at,—such Battalion will not be eligible for the Rewards granted by these Regulations.

14. As it is of the utmost importance,—in order to insure a faithful record of the Soldiers' performances, and to protect the Public from paying for merit undeserved,—that the Registers and Company Practice Returns should be correctly kept, and that the said documents should be always forthcoming until authority has been received to dispose of them,—if any irregularity should come under the notice of the Inspecting Musketry Officer whereby the integrity of the Returns may be questioned,—such as erasures,—corrections not initialed by the Officer Instructor or his assistant,—absence of the signature either of the Marker, or Company Instructor, or Serjeant acting in his stead,—or loss of documents,—the Battalion will be subject to forfeit the Reward herein prescribed.

15. The best shot of the Battalion, and the best shot of the Company, will be allowed, in addition to the reward as such, the extra pay as "Marksman;" but no Soldier will be eligible for a reward for shooting who is not in the first class in the final classification of the Judging Distance Practice.

16. Each portion of a Regiment will be allowed its proper proportion of Company Prizes, and the 100 Prize-holding Marksmen are to be distributed between Service and Depôt Companies in the following manner; viz.—

10 Service Companies	.	.	90	} 100
2 Depôt Companies	.	.	10	

17. In Colonial Corps, or Battalions composed of less than Ten Companies, Prizes will be sanctioned as follows; viz.—

- 1 Best Shot of Battalion or Corps.
- 1 Best Shot of each Company.
- 10 Marksmen per Company, but not to exceed 100.

18. The extra Pay is to be drawn, and the distinguishing Badges are to be worn, for one year, commencing on the first day of the quarter succeeding that in which the Annual Report of Practice is required to be made up, or as soon as the necessary authority is received.

19. When a Battalion is on active service in the field, or at a station where from want of range the prescribed annual course of rifle practice cannot be proceeded with, the Rewards will be continued to those men in possession of them until an opportunity occurs of their being challenged by another annual course of instruction, which is to be gone through at the earliest possible time. A certificate from the commanding Officer, verified by the general Officer under whose command the Battalion is serving, to the effect that under the circumstances above detailed (for under no other is the Allowance to be continued beyond one year), the Battalion has been prevented undergoing the prescribed annual course of rifle instruction for the year 18 , is to be forwarded to the Inspector General of Instruction, for transmission to the Adjutant General to the Forces, for the information of the General Commanding-in-Chief.

20. All recommendations for Prices are to be prepared in the Form of Return annexed (a supply of which will be furnished on application to the War Office), and forwarded in duplicate, with the Annual Practice Returns, to the Inspector General of Musketry at Hythe, by whom, after due examination, one copy will be transmitted, with his recommendation, to the Adjutant-General to the Forces, for the approval of the General Commanding-in-Chief.

21. Badges of distinction will be supplied, on application in the usual annual requisition for clothing, and are to be retained in the Quarter Master's store, for issue under the provisions of these Regulations.

Instruction of Musketry,

22.

*Horse Guards, S.W., 11th February, 1858.*

THE GENERAL COMMANDING IN CHIEF having reason to believe that a practice has been recently resorted to of Medical Officers exempting Soldiers,—who are effective, and doing duty in the ranks,—from partaking in the prescribed course of rifle instruction, on pleas which, if really valid, would tend to prove the men unfit for service, has desired that the attention of General Officers in Command of Divisions and Districts, as well as that of Commanding Officers of Regiments, *Depôt* Battalions and *Depôts*, may be called to this objectionable state of things,—which, if not checked will lead to malingering, and other evils detrimental to the efficiency of the Troops.

As already stated in former orders, every Soldier for whom a Musket is issued is required to go through the prescribed course of instruction *annually*.

The Commandant at Hythe has the General Commanding in Chief's authority to report any and every deviation from the established regulations which may come under his notice,—and if it shall appear on the examination of the annual returns of practice that any undue number of men are reported as "*not exercised*," the Commanding Officer of the Battalion will not fail to incur His Royal Highness's displeasure.

The School of Musketry was opened in April, 1854, since which date upwards of 300 Officers have been put through the course of instruction inculcated at that establishment.

The ensuing is the third annual course of *regimental* instruction, and the General Commanding in Chief expects that the reports to be rendered at the conclusion of the practice will show a marked improvement over all those previously received.

*Horse Guards, S.W., 16th February, 1858.*

REFERRING to the Circular Memorandum of 16th November last, the General Commanding in Chief desires that the following Conditions upon which Officers are to be permitted to purchase Horses from the ranks on first appointment to the Horse Artillery, or on being first commissioned in the Cavalry, and which have been approved of by the Secretary of State for War, shall be published for general information and guidance, viz. :—

1. A Lieutenant on first appointment from the Foot Artillery to a Troop of Horse Artillery, and a Cornet on first joining a Regiment of Cavalry, or an Ensign on first joining the Cape Mounted Riflemen, or a Riding Master on first appointment to either service, will be permitted to select from the ranks two Horses as chargers, subject to the approval of the Commanding Officer. Medical Officers, Veterinary Surgeons, Paymasters and Quartermasters will be allowed to select one Horse each.

2. When two or more Officers are to select at the same time, the senior is to have the first choice, but he must not be permitted to choose a second Horse until his juniors have each chosen one.

3. Officers will be required to pay the price of their chargers into the hands of the Paymaster within one week from the date of selection.

4. In selecting Officers' chargers, the Horses of all Serjeant Majors and Serjeants to be exempt from choice.

General No. 79.

Instructions of Musketry

B. 22.

23.

*Horse Guards, 26th February, 1858.*

It appearing by the Reports of the annual course of "Instruction of Musketry" for the last year, that in some battalions a large number of men were not exercised, notwithstanding the previous strict injunctions on that head, the General Commanding-in-Chief, with a view of preventing a similar irregularity in future, and of ensuring uniformity of proceeding on points on which doubts appear to exist at present, desires that the following additional regulations be strictly adhered to both at home and abroad :--

1. The annual course is always to commence on the day appointed, and, in order that the same may be got through within the prescribed period, General Officers are to take care that it is proceeded with regularly by companies, without intermission, until completed. Any suspension which may, under urgent circumstances, be sanctioned, is, as directed by the Circular Memorandum of the 12th of November last, to be specially reported to the Adjutant General, and the cause specified, for the General Commanding-in-Chief's information; and where the suspension is caused by a paucity of duty men, correct duty states are to accompany each report. When companies are detached from head quarters to stations where there are no ranges, they are to be regularly relieved, for the purpose of instruction, by companies that have previously gone through the year's practice.

2. Those men who, from being in hospital, prison, on command, or for any *valid cause* of absence, are unable to attend with their respective companies when given over for rifle instruction, are, so soon as available, to be exercised with the company next furnished for instruction; their performances, however, being recorded in separate registers, and from thence transcribed into the practice returns of their respective companies.

3. When every company of the battalion has been exercised to the end of the 2nd period, those men who may not until then become available are, if exceeding five, to be taken through a course of preliminary drills in a squad by themselves, and practised to the end of the 2nd period (but without delaying the practice of the battalion), and thus be prepared to exercise further with the companies to which they belong. A similar course is to be pursued with all men who become available, as long as the annual course of drill and practice is proceeding, by which means the non-exercised men should be very few, and embrace only such as have been either in hospital, prison, or absent from head quarters, during the entire period of the annual course.

4. Those men who have exercised to the end of the 2nd period, and are not present with their company when it is going through the 3rd period, &c., will, as soon as they are available, be exercised with the next company engaged in the said practice, or as a squad, should every company of the battalion present have been exercised therein.

5. With a view to the proficiency of each company of the battalion being fairly and correctly represented in the monthly and annual practice returns, the performances of every man belonging to the company, whether exercised with it or not, are to be shown in the company practice returns, which are to contain the names of every man borne on its strength, without reference to where he is, or how employed,—except recruits *in a musketry sense*, all of whom, including recruit officers, are to be shown in a separate return. In *dépôt* battalions the recruits' practice returns are to be kept by *dépôts*. In the case of men who do not practise in file and volley firing with their own companies, their performance in this exercise (which is to be executed separately from the company to which attached for training) is to be shown in a distinct diagram, and accounted for in the company's practice return. The same rule is to be observed with reference to the skirmishing practices. When two or more men of a company, or recruits, have exercised in the same practice at different times, their performances are to be included in the average points of said practice of the company, not separately.

6. The foregoing instructions are not to be considered as sanctioning Commanding Officers in withholding or withdrawing men from rifle instruction with the Company to which they belong, and which is always to be as complete as possible.

7. Respecting *casuals*, that is, men who become sick, or prisoners, while going through the course of practice, it is to be clearly understood, that when a man fires at one or more distances in a "period" (and no more than two distances are to be fired under any circumstances on one occasion, except in the case provided for in paragraph 68, page 39, Book of Instruction of Musketry), and is prevented from finishing it with his Company, or the party with which exercising, he is to be classified according to his performances, and the number of points he has obtained, whether great or small, is to be carried to the total, and included in the aggregate total points, which, to establish the merit of the "period," are to be divided by the number of men who have fired therein, whether they have completed it or not.

8. When a man who has missed a period of practice becomes available, he is first to be exercised in the said period before he is allowed to practise in a more advanced one; and thus ensure every man practising in the three periods of individual firing.

9. By the re-organization of Depot Battalions, the following modification of the regulations having reference to the mode of proceeding with the annual course of Rifle Instruction therein has become necessary:—

All Depot Battalions composed of more than five Depôts are to proceed with the annual course of rifle drill and practice, as detailed in paragraphs 1 to 6 inclusive of the Circular Memorandum, 1st January, 1857, except that two Companies are to be engaged at preliminary instruction, and two at practice at the same time, instead of one, as therein directed.

All Depot Battalions composed of five or a less number of Depôts are, after the Non-commissioned Officers have been exercised as detailed in No. 1 of the Circular above quoted, to have two Companies engaged at a time at preliminary drills, and exercised to the end of the second period before they are returned to duty, when two more Companies will replace them, and so on until all the Companies of the Battalion are similarly exercised; after which the 3rd period, &c., will be entered upon in the same manner.

10. Squads of recruits, in addition to the Companies, are to be under training so long as there are any in the Battalion untrained; and no more than one Company of each Depot is to be under rifle instruction at a time.

11. When men proceed from the Depot to the Service Companies, or vice versâ, their number, and extent to which exercised, are to be specified in as brief a manner as possible in the column of remarks of the monthly progress return, in which the strength of every Company is to be shown; and in the column "absentees" the number in hospital, prison, on detachment, &c., on the last day of the month, whether instructed or not, is also to be shown. The statement of Companies detached to be stated opposite in remarks.

12. As the monthly and annual practice returns are required to show the actual proficiency of each Company, it must be borne in mind that the figures which are to represent the merit of the several practices are to be established from the performances of the men effective on the date the said returns are prepared. The names, therefore, of those men who become *non-effective* are to be ruled through in the Company and Recruit practice returns, and the totals at the bottom, as also the recapitulation, are not to be inserted in ink until the annual practice returns are to be prepared. The cause of becoming non-effective is always to be shown in the remarks opposite each man's name, as also the date.

13. As the individual performances in file and volley firing cannot be represented otherwise than by the "mean average of points," this mean, multiplied by the number of non-effective men who have practised in the exercise here referred to, will determine the number of points to be deducted on their account in the recapitulation table, and leave unaltered the figure of merit of the practice in question.

*Horse Guards, S.W., 27th February, 1858.*

THE attention of the General Commanding in Chief having been drawn to a discrepancy between the directions in Article 119, page 133, of The Queen's Regulations and Orders for the Army, and those contained in the War Office Circular, No. 1230, dated 18th June, 1856, I am directed to point out that a period of *three* (not *seven*) years' uninterrupted service as Orderly Room Clerk entitles a Soldier, serving in that capacity, to the additional pay sanctioned by Royal Warrant, and to the rank of Troop Serjeant Major or Colour Serjeant, and I am to request that all copies of The Queen's Regulations in your possession may be corrected accordingly.

His Royal Highness desires that paragraph 32, page 176, of The Queen's Regulations may be at the same time altered as follows, viz. :—

CIRCULAR, No. 240.

10.

Sir,

War Office, 27th March, 1858.

As it has been found that many of the Mercantile Marine Pensioners are drawing pensions from the Trinity House, it has been decided that, for the greater facility of account, the latter are in future to be paid by the Staff Officers of Pensioners, which arrangement is also to be extended to a small number, who are not upon the Mercantile Marine List, so that the whole may be brought under one general system of superintendence and management.

I am therefore directed by Secretary Major General Peel to transmit to you the accompanying Lists of such of these Pensioners as are resident in your District, with the following instructions for your guidance:

Such of these as are in the receipt of pensions from both Funds will be paid at the same time, but as the money is obtained from different sources care must be taken to distinguish the respective amounts paid from each. For this purpose, when the Pensioner is entitled to draw from both Funds, all payments on account of the Trinity House Pension Fund must be entered in a separate column from that of the Mercantile Marine Fund, and where the Pensioner is entitled to draw from the Trinity House Fund only, his name and the amount due to him are to be inserted immediately after the names in the Mercantile Marine List, according to the Form enclosed, taking care to place the number by which the Pensioner is borne on the Registers of this Office against each name in the respective lists.

On the 1st of January in each year, the men and widows are entitled to an additional month's pension, called Bounty Money, which you will accordingly issue to them, but this boon does not extend to their children.

The pensions of the boys cease when they are 12 years of age; those of the girls at 14; but they are entitled to their pension for the whole quarter in which they respectively attain those ages.

The pensions of the men may continue to be drawn without deduction during any employment they obtain at Sea or in the Coasting Trade; it is only when they are in the receipt of pension from the Mercantile Marine Fund that they are liable to Port dues while so employed.

Any person, however, possessing an income (*not being the produce of labour*) to the extent under-mentioned is to be struck off the Trinity House List:

		PER ANNUM.
Seamen, or their Widows.....		£10
Petty Officers { Carpenter Boatswain } or their Widows .....		15
Mates.....	Ditto .....	20
Masters.....	Ditto .....	30

The name of any pensioner, in any of the above classes, possessing the income which precludes the receipt of a pension, must be immediately reported to this Office.

These pensions will be forfeited,

On conviction of felony.

On non-application for two years.

On the re-marriage of the widow, which *will involve also the forfeiture of the children's pension.*

These pensions are also not claimable during any period the parties may be maintained in a prison, workhouse, union, hospital, or public charity; but you will report each case, as it occurs, specially to this Office, for directions before striking a Pensioner off your pay list.

The privilege of commuting these pensions is usually restricted to persons about to emigrate, and, when permitted, the commutation will be *limited to 2½ years' purchase*, without reference to age; but if the parties are in the receipt of pensions from both Funds the one cannot be commuted without the other.

For particulars in regard to the identification, payment and superintendence of these Pensioners, you are referred to the Circular letter from this Office of 27th February, 1852, as, with the exceptions just specified, the Rules and Regulations of the Mercantile Marine Pensioners may be considered as applicable to the Trinity House Pensioners also.

No more Pensioners will hereafter be admitted on the Trinity House Fund, and the payment of such as are named in the lists forwarded to you, but who are not in your district, has been provided for where they reside, therefore no further notice need be taken of them by you.

You will retain the lists, as your authority for taking these Pensioners on your books, but when you have completed the payments for the Quarter you will forward to this Office others in the enclosed form, inserting therein the Mercantile Marine number of all who are in receipt of pensions from that fund, which lists will be returned to you with the Trinity House numbers noted thereon, and both must thereafter be quoted in all documents or correspondence with this Office respecting these Pensioners.

In all cases where the payments are likely to exceed £10, an approximate amount to what is likely to be required will be forwarded to you in the beginning of next month, and you will transmit estimates, in the usual manner, for the payments of the succeeding quarters in the same form as for the Mercantile Marine.

In all cases where an Officer has been in the habit of drawing an allowance for the Mercantile Marine Pensioners, as in excess of the regulated numbers, for a first or second class District, he will be permitted to add the Trinity House Pensioners also at the same rate of 3d. per payment, which will be charged in like manner.

I have the honor to be, Sir,

General No. 55.

War Office, 13th April, 1858.

THE attention of the Secretary of State for War having been drawn to the inconvenience, as a question of account, of the present arrangement, by which in Regiments which have a Trained Army Schoolmaster, whose present rate of pay is inclusive of emoluments formerly derived from school fees, the school fees paid by adults, children and infants are credited to the public; whereas in many of those which have no Trained Master, the two former continue to be received by the Serjeant or Acting Schoolmaster, in addition to his allowance of 6d. a day; Secretary Major General Peel has, with the concurrence of the Lords Commissioners of Her Majesty's Treasury, decided that for the future all school fees whatsoever payable under the Queen's Regulations, p. 192, and the Army School Regulations, sects. 18 and 46, shall be credited to the public by quarterly returns, as required in section 21, School Regulations.

To compensate Serjeant or Acting Schoolmasters for the loss of emoluments thus occasioned, the Lords Commissioners of Her Majesty's Treasury are pleased to allow that, where the number of adults attending School does not exceed 50, the Schoolmasters' allowance may be increased from 6d. to 1s. a day.

Where it is over 50, but does not exceed 100, the allowance will be increased from 6d. to 1s. 3d. a day; where it is over 100, it will now be increased from 6d. to 1s. 6d. a day.

The Serjeant Acting Schoolmaster will forward to the Paymaster monthly a voucher, in the form of a nominal list of all the Non-commissioned Officers, Men

and Drummers or Trumpeters, who have attended School in the month, and the dates of their attendance, certified by his signature.

The Schoolmistress will continue to render a similar account of the infant children, whose fees will in like manner be collected by the Schoolmaster, and credited to the public under art. 47 of the Army School Regulations.

1. THE Secretary of State for War having decided that the Regimental Schools of the Royal Artillery and Royal Engineers shall for the future be conducted on the same system as those of the rest of the Army, the following arrangements will come into effect on the 1st April next.

2. All Regimental School Accounts of the Royal Artillery or Royal Engineers at Woolwich, Chatham or elsewhere will be closed on the 31st March, 1858; and after that date all fees payable by Non-commissioned Officers, Soldiers or Children attending such Schools, under Queen's Regulations, sect. 11, p. 192, or Army School Regulations, July, 1857, will be credited to the public, and the expenses of the salaries or allowances payable to Schoolmasters, Schoolmistresses, Assistants or Pupil Teachers, will be borne by the War Office.

3. The balance credit, on closing the several accounts, will be credited to the public, and a final Report for the year 1857-8 be sent to the Secretary of State, as heretofore to Adjutant General of Artillery, or Assistant Adjutant General of Engineers. A special explanation must be given of any debt before its payment can be authorized.

4. Stationery and school materials will be supplied on Requisition Form 372, addressed to the Under Secretary of State through the Commanding Officer of the District, and will be confined to the articles enumerated on the said Requisition, with such additions, adapted to the special requirements of the Corps, as may be authorized by the Secretary of State. The variety of school books now in use being at once inconvenient and unnecessary, Major General Peel directs that all those which are not to be found in the above-named list, or the authorized supplement, be replaced by the authorized works.

5. A list will be sent to the War Office immediately of all black boards, easels, globes, maps, slates and other heavy school materials at the several Stations on the 31st March, which will be subject to the directions in Circular No. 131, and, with the school books and light materials, will be charged to the Head Quarter Station of the Royal Artillery or Royal Engineers of the District in the books of the War Office, and be regarded as in the charge of the Commanding Officer, through whom all Requisitions for future supplies must be forwarded. Looking to the constant fluctuations in the force of Artillery and Engineers at the several Stations, it will be the duty of the Commanding Officer to make such distribution of the articles in his charge as will prevent unnecessary demands.

6. The following will be the rate payable to Non-commissioned Officers acting as Schoolmasters:—

	s.	d.
At Stations where there is one Troop or Company .....	0	6
At Stations where there are more than one, and not more than three Troops or Companies .....	1	0
At Stations where there are more than three Troops or Companies .....	1	6
Assistants .....	0	3

No special allowances of quarters, fuel or light will be given to these acting Schoolmasters.

7. Detachment Schools will be sanctioned under Art. 29, School Regulations, where it is shown to the satisfaction of the Secretary of State that the probable attendance of adults and children will justify the expense.

8. Infant and Industrial Schools, under the provisions of Circular No. 130, will be authorized where it is shown that there are a sufficient number of infants and female children to require a separate School, or where there is no Garrison Infant or Industrial School which they can attend; but where there is a Garrison School in the same Barracks, these children will attend it. Schoolmistresses will receive from £10 to £18 according to their acquirements as certified by the Inspector General of Army Schools, and according to the number of children attending.

9. Monthly Reports on Form 367 will be sent from every School under Art. 16, School Regulations, through the Commanding Officer.

10. As Non-commissioned Officers of the Royal Artillery and Royal Engineers are admissible for training as Army Schoolmasters at the Normal School, Chelsea, and as a sufficient number have already presented themselves to supply the larger Stations with Trained Masters, if necessary, no special arrangements will be made for the training of Schoolmasters for these Corps; but the advanced class of Non-commissioned Officers of Artillery at Woolwich heretofore considered as preparing especially for this duty, will be continued, and those men who may desire to become Regimental Acting Schoolmasters will receive, as heretofore, certificates of fitness in three classes, and will be eligible for the employment before men who have not such certificates; they may also, on the recommendation of the Inspector General of Schools, be sent to the Model School, Chelsea, for a short period, to become thoroughly acquainted with the methods of instruction taught there.

11. The Schools of the Royal Artillery and Royal Engineers will be under the supervision of the Superintending Garrison Army Schoolmaster, where there is one. He will, however, give no directions to the Acting Schoolmaster, except with the sanction of the Commanding Officer, but will assist him with his advice, and occasionally give instruction in the more advanced subjects, by lecture or otherwise.

12. In respect to religious instruction and to the duties of the Officiating Chaplains to the Forces, these Schools will be entirely under the War Office School Regulations and the provisions of Circular No. 65; but there will be no objection to any Officiating Chaplain continuing to be a visitor of the School, and to assist the Commanding Officer with his advice as a member of the School Committee, without direct interference with the Schoolmaster, who is, however, to satisfy all his inquiries, and at all times to treat him with the respect due to his position. The religious instruction of the Chaplain must be confined to the members of his own communion, and to the hours set apart for it, with the approval of the Commanding Officer, when children who are not of the same communion will be allowed to absent themselves, if they cannot pursue other studies in a separate part of the building.

## GENERAL ORDER, No. 703.

*Horse Guards, S.W., 1st April, 1858.*

HER MAJESTY'S Government, on the re-organization of the General Staff of the Army, has deemed it expedient to abolish the appointment of Adjutant General of Royal Artillery, held by General Sir Hew Dalrymple Ross, G.C.B.

His Royal Highness the General Commanding in Chief, in losing the assistance of this distinguished Officer, desires to record his sense of Sir Hew's valuable services.

For more than 63 years Sir Hew Ross has been engaged in the active duties of his profession, and he has been rewarded with the highest honors to which Officers aspire.

As Captain of Horse Artillery, he commanded the famous *Chesnut Troop*, whose exploits, while attached to the Light Division throughout the whole of the Peninsular War and at Waterloo, are so well known to the Army.

In the year 1840 he was promoted to Deputy Adjutant General of Artillery; he subsequently became Lieutenant General of the Ordnance, and on the amalgamation of the Ordnance with the War Department was appointed Adjutant General of the Royal Artillery.

In every Department he was famed for a steady application to the duties of his office, and for devotion to that branch of the Service of which he was so conspicuous an ornament.

In war he attained great reputation, and he maintained it to the last.

By Order of HIS ROYAL HIGHNESS

THE GENERAL COMMANDING IN CHIEF.

G. A. WETHERALL,  
*Adjutant General.*

## THE VICTORIA CROSS.

THE following Officers and Men have been awarded the above Decoration in addition to those whose Names were published in "*The Monthly Army Lists*" for December, 1857, and January and February, 1858.

*War Office, April 24th, 1858.*

THE QUEEN has been graciously pleased to signify her intention to confer the Decoration of "The Victoria Cross" on the under-mentioned Officers, Non-commissioned Officers and Men of Her Majesty's and of the East India Company's Armies, who have been recommended to Her Majesty for that Decoration, in accordance with the rules laid down in Her Majesty's Warrant instituting the same, on account of acts of bravery performed by them in India, as recorded against their several names, viz. :—

**Beng. Art.**—Lieutenant Colonel HENRY TOMBS, *C.B.*, and Lieutenant JAMES HILLS.  
—Date of act of bravery, July 9, 1857.

For very gallant conduct on the part of Lieutenant Hills before Delhi in defending the position assigned to him in case of alarm, and for noble behaviour on the part of Lieutenant Colonel Tombs in twice coming to his subaltern's rescue, and on each occasion killing his man.—(*See Despatch of Lieutenant Colonel Mackenzie, commanding 1st Brigade of Horse Artillery, dated Camp near Delhi, 10th of July, 1857, published in the Supplement to the London Gazette of the 16th of January, 1858.*)

**24 Bomb. Nat. Inf.**—Lieutenant WILLIAM ALEXANDER KERR.—Date of act of bravery, July 10, 1857.

On the breaking out of a mutiny in the 27th Bombay Native Infantry, in July, 1857, a party of the mutineers took up a position in the stronghold, or paga, near the town of Kolapore, and defended themselves to extremity. "Lieutenant Kerr, of the Southern Mahratta Irregular Horse, took a prominent share of the attack on the position, and at the moment when its capture was of great public importance, he made a dash at one of the gateways with some dismounted horsemen, and forced an entrance by breaking down the gate. The attack was completely successful, and the defenders were either killed, wounded or captured, a result that may with perfect justice be attributed to Lieutenant Kerr's dashing and devoted bravery."—(*Letter from the Political Superintendent at Kolapore to the Adjutant General of the Army, dated September 10, 1857.*)

**Bengal Sappers and Miners.**—Serjeant JOHN SMITH.—Date of act of bravery, September 14, 1857.

For "conspicuous gallantry, in conjunction with Lieutenants Home and Salkeld, in the performance of the desperate duty of blowing in the Cashmere gate of the fortress of Delhi in broad daylight, under a heavy and destructive fire of musketry, on the morning of the 14th of September, 1857, preparatory to the assault."—(*General Order of Major General Sir Archdale Wilson, Bt., K.C.B., dated Head Quarters, Delhi City, September 21, 1857.*)

**52 F. Bugler ROBERT HAWTHORNE.**—Date of act of bravery, September 14, 1857.

"Bugler Hawthorne, who accompanied the explosion party, not only performed the dangerous duty on which he was employed, but previously attached himself to Lieutenant Salkeld, of the Engineers, when dangerously wounded, bound up his wounds under a heavy musketry fire, and had him removed without further injury."—(*General Order of Major General Sir Archdale Wilson, Bt., K.C.B., dated Head Quarters, Delhi City, September 21, 1857.*)

**52 F. Lance Corporal HENRY SMITH.**—Date of act of bravery, September 14, 1857.

"Lance Corporal Smith most gallantly carried away a wounded comrade under a heavy fire of grape and musketry on the Chaundee Chouk, in the city of

Delhi, on the morning of the assault on the 14th of September, 1857."—  
(*General Order of Major General Sir Archdale Wilson, Bt., K.C.B., dated Head  
Quarters, Delhi City, September 21, 1857.*)

Beng. Horse Art.—Serjeant BERNARD DIAMOND and Gunner RICHARD FITZ-  
GERALD.—Date of act of bravery, September 28, 1857.

"For an act of valour performed in action against the rebels and mutineers at  
Boolundshur, on the 28th of September, 1857, when these two soldiers evinced  
the most determined bravery in working their gun under a very heavy fire of  
musketry, whereby they cleared the road of the enemy, after every other man  
belonging to it had been either killed or disabled by wounds."—(*Despatch of  
Major Turner, Bengal Horse Artillery, dated Boolundshur, October 2, 1857.*)

167 F.

CIRCULAR, No. 246. (BARRACKS.)

496.

HOME STATIONS.

SIR,

*War Office, 17th April, 1858.*

CIRCULAR No. A—27 (Barracks), dated 26th December, 1856 (167 f—240), having in some instances been misunderstood, and it having been determined to revise the scales of issue of fuel and light therein laid down, that Circular is hereby cancelled, and the following Instructions are substituted:—

Whenever, by special sanction of the Secretary of State, accommodation to the extent of four rooms and one kitchen has been or shall be provided in Barracks or in houses the property of, or hired by, the War Department for Officers commanding Regiments or Battalions, or for Officers of corresponding or superior rank, Secretary Major General Peel authorizes an issue of fuel and light in kind for two rooms in summer and for three rooms in winter, if the Quarters be within the confines of the Barracks, or the commuted allowance equivalent to such issues if they be outside the Barracks. Regimental Field Officers in temporary command of Regiments or Battalions, occupying the Quarters and drawing the emoluments of the Commanding Officer in his absence, will similarly be entitled to these issues.

Military Officers at Woolwich or elsewhere occupying public buildings in civil capacities will not receive these allowances.

In the case of Officers of the ranks referred to who are permitted, on the ground of being married, to reside, for their own convenience, out of Quarters, a commuted allowance for two rooms in summer and for two rooms in winter may be claimed, provided the public Quarters allotted to them have been actually relinquished.

In the event, however, of an Officer thus residing out of Quarters continuing to occupy as an officer (irrespective of Orderly Room, Battalion or District Office) a room in Barracks, a corresponding diminution will be made in the commuted allowance, that is, 2s. 6d. only will be admitted instead of 5s., per week.

Officers drawing furniture allowance will not be entitled to any allowance for fuel and light, either in kind or commutation.

Barrack Masters will clearly understand that these Instructions are not to be considered by them as a sanction for appropriating to Officers of the ranks referred to any accommodation in addition to that authorized by the present Regulations, although such addition might apparently, from but partial occupation or otherwise, be made without inconvenience and without placing any Officer or Officers upon the Lodging List.

They will further understand that they will make no issue on the scale now sanctioned without a previous reference to this Office, in which must be stated the actual amount of accommodation which has in each case been permanently appropriated by due authority, and they will quote the date and number of such authority.

The Barrack Master.

SIR,

War Office, 4th May, 1858.

THE Secretary of State for War having determined by Circular, No. 156, dated 19th October, 1857, that Officers commanding at Stations abroad are to be generally responsible for the due performance of the duties of all the Departments, Military and Civil, in their respective Commands, I am directed by Secretary Major General Peel to acquaint you that, under these circumstances, he considers it desirable that all vacancies occurring in the subordinate situations of these Departments, including temporary assistance of any kind, should be provisionally filled up by the Officer commanding, who will before making an appointment ascertain from the Officer in charge of the Department the qualifications required, and select a person who may appear to him to be qualified for the situation; the provisional appointment thus made being submitted by the first opportunity for the confirmation of the Secretary of State.

You are therefore requested to communicate these directions to the local heads of the several Departments within your command for their information and guidance; and it is anticipated that by this measure you will have the means of providing for such deserving discharged or pensioned Non-commissioned Officers or Privates as may prove to be qualified for the vacant situations.

I have the honor to be, Sir,

Your obedient Servant,

## CIRCULAR, No. 126.

SIR,

War Office, 15th August, 1857.

I AM directed by the Secretary of State for War to acquaint you, that his Lordship has decided that no deduction shall be made from the Staff Pay and Allowances of Officers of the General Staff at Home during continuous or intermittent periods of absence on leave, not exceeding in the whole two months in each year, viz., from 1st January to 31st December, provided the duties of the appointment be duly performed without extra charge to the public, and that it be notified in General Orders that the Horses for which the commuted Forage Allowance is claimed have been left at the Station, so as to be at all times ready for the public service.

I am therefore to request, in order that the settlement of the quarterly contingent claims of Officers of the General Staff at Home may not be delayed pending the receipt at this Office of the Adjutant General's Staff Returns, that, in every case in which an Officer claims allowances during absence on leave a certificate may be annexed of the dates from and to which such absence has extended, together with a certified copy of the order showing that the Horses on account of which Forage Allowance is claimed were left during the period for the public service.

These documents will be taken as sufficient for admitting charges for allowances during periods of leave not exceeding two months in each year; but a refund will be required should the certificate be subsequently found at variance with the Adjutant General's Staff Returns.

I have the honor to be, Sir,  
Your obedient Servant,

J. R. GODLEY.

No. 7377—1.

SIR,

*War Office, 30th April, 1858.*

I AM directed by the Secretary of State for War to transmit herewith, for your information and guidance, a copy of a communication which has been addressed to all the Officers commanding the respective Regiments of the Service relative to certain alterations which it has been deemed expedient to make in the mode of paying and charging the annuities for "distinguished or meritorious service" of Non-commissioned Officers, as also the annuities attached to the decoration of the "Victoria Cross."

I am, Sir, your obedient Servant,  
(Signed) H. K. STORKS.

## CIRCULAR, No. 7377—1.

SIR,

*War Office, 30th April, 1858.*

THE inconvenience arising from the present mode of paying and charging the annuities for "distinguished or meritorious" service to Non-commissioned Officers, as also of the annuities attached to the decoration of the "Victoria Cross," having been brought to the notice of the Secretary of State for War, I am directed to acquaint you, that *from and after the 1st October, 1858*, these annuities, instead of being issued as at present by the Paymaster General under the Royal Sign Manual, will in all cases, where the annuitant is borne on the effective strength of a Corps, be issued by the Regimental Paymaster at the expiration of each quarter, and charged by him in his Pay List, to which should be attached the usual life certificate and the annuitant's receipt. Should he be transferred to another Corps, whether at home or abroad, or to the Regimental Depot, the Paymaster thereof will continue payment of the amount in the same manner.

In the event of the annuitant being discharged from his Regiment, either with or without pension, the amount will, on application for the same, be paid quarterly by the Staff Officer of Pensioners of the District in which the annuitant may be residing, and charged by the Staff Officer in his quarterly accounts rendered to this Office; the usual life certificate, with the annuitant's receipt, being attached as before.

I am to add, that in order to facilitate matters, the Secretary of State for War has decided that, until the 30th September, 1858, inclusive, the annuities in question may be paid, either under the existing regulation, *viz.*, direct by the Paymaster General, on the production to him of the usual certificate of the annuitant being alive, with his receipt attached; or under the new arrangement, *viz.*, by the Regimental Paymaster, or by a Staff Officer of Pensioners, as the case may be; but after the period fixed, the payments are to be made under the latter regulations only; care being taken that the certificate required is in every instance duly completed.

I have the honor to be, Sir,  
Your obedient Servant,  
(Signed) H. K. STORKS.

The Officer commanding the ——— Regiment of ———.

Militia Volunteering,

*Horse Guards, S.W., 11th February, 1858.*

THE General Commanding-in-Chief having ascertained that, in several instances, Volunteers from the Militia to the Regular Army have, while *en route* to join their new corps, made away with a portion, or even the whole of their necessaries, his Royal Highness desires that Article 13 of the Instructions of the 30th December last may be clearly explained to the Volunteers,—that the necessaries in their possession may be carefully inspected prior to their leaving the Militia, and that the prescribed lists may be signed both by Captains of Companies and by the men themselves, who are to be made fully to comprehend that any articles specified in those lists which are found deficient on joining the Regular Army, will have to be made good at the expense of the Volunteers.

When it is deemed necessary, the Volunteers may be permitted to take with them their Havresacks, but care must be taken that they are properly packed and returned to the Militia, as, if lost, they will be charged to the men.

Volunteers for the Cavalry, who are allowed to take their great coats, are, on joining their new corps, to hand them in to the Quarter Master, who will send them back to the Regiments to which they belong.

HER Majesty having been pleased to approve of a Brass Drum of improved construction for the use of Infantry Regiments throughout the service, instruments of this description will be issued when those now in possession become unserviceable. The allowance in lieu of Drums and Bugles, hitherto optional with Commanding Officers, will henceforth cease, and these articles will, for the future, be issued *in kind*, and of one *universal* pattern.

The principal advantages of this new Drum are,—its lightness (weighing some three pounds less than that now in use), its portability, its superior tone, and the easy method by which it is tuned.

Horse Guards, S.W., 6th April, 1858.

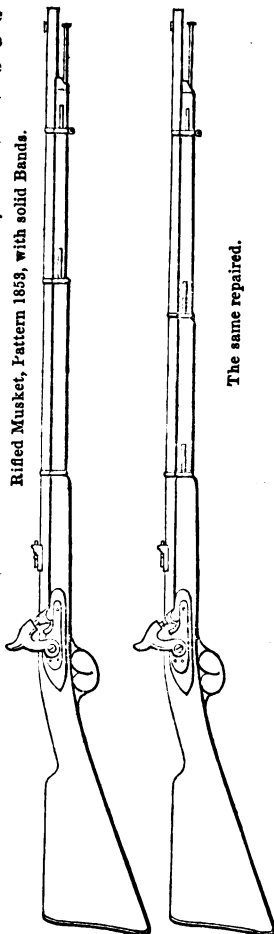

It being found, notwithstanding the orders given on the subject, that it is impossible to prevent the stock of the rifles of the pattern 1853, fitted with solid bands, from being injured in the act of returning ramrods, the Secretary of State for War, on the representation of the General Commanding in Chief, has been pleased to approve (instead of resorting to the costly expedient of restocking) of the necessary repair being, when practicable, effected by cutting away the chipped part of the stock, and by inserting a new spring, half an inch longer than the original one, in the manner shown in the annexed Sketch.

The Secretary of State for War has further consented to the cost of such modified repair, which need not exceed 1s. for each rifle, being borne by the public; but the General Commanding in Chief desires that every charge of this nature shall be supported by a certificate from the Captain or Officer commanding the Company, that the injury was, in each case, the consequence of the unavoidable wear and tear of service, and was not caused by carelessness on the part of the Troops.

The present order will not apply to the rifled muskets of later issue fitted with screw bands.

THE Secretary of State for War having represented to the General Commanding-in-Chief that he has reason to believe that several of the cast-iron targets issued for Musketry practice have been broken through carelessness and rough usage, more especially when lowering them, and removing them from the ground after practice, and that they are frequently left in exposed situations, and thereby become subject to injury, his Royal Highness has desired that the attention of Officers commanding Stations, Regiments, Depôt Battalions, &c., be called to the subject, with a view to due care being taken for the preservation of the costly articles in question.
